### Sunday Drivers Due for Check, CHP Chief Says

Driving in the passing lane on multi-lane highways and driving too slow on two-lane roads are serious accident-causing violations of the California vehicle code, says the highway patrol. "With the approach of summer, California traffic is expected to reach an all-time high," declared Patrol Commissioner B. R. Caldwell. "In order that our highways may accommodate with safety the heavy traffic volumes anticipated, there must be stricter obedience to the traffic rules. The patrol intends to continue its enforcement efforts against all violators but will emphasize action to stop driving in the wrong lane and the slow road-blocking type of driver."
